

Internship Opportunity

Montana Department of Transportation

Information Services Division

Summer internship position available in the Information Services Division in Helena. The successful candidate will perform work in either the Applications group or End-User Support, depending on skills and interest. The opportunity to spend limited time in all areas of the division will be provided as a way to round out one's internship experience.

The successful candidate will be entering their Junior or Senior year of school and have an interest in either end-user support or application development.

To apply for this internship opportunity please provide your resume and transcripts to kworthy@mt.gov by March 6, 2009.
